

HOW TO BE A REAL BOOMER?

BOOM FESTI VAL

Boom Festival is a transformational, psychedelic, changemaking gathering, a contemporary ritual to the rhythmic beats of a timeless drum. It's a joyous summit of free spirits who arrive from every corner of the world to converge by the shores of a sparkling lake, and with the blessings of the moon, to celebrate life, freedom, peace, love and respect of nature. In other words: the finest things that make us human. Out of daily routines, away from our comfort zones, we dive into a new world, a new experience.
